## MORNING TIME

This month let your child wake up to, "It's going to be a great day because God's got it!"

## CAR TIME

Play the "What if . . .?" game as you drive. "What if we had a flat tire? God's got it! What if it starts raining? God's got it! What if we get sick? God's got it!" Practicing a "God's got it!" response to certain scenarios that would normally cause us to worry, before they actually happen, helps us to respond with a "God's got it!" attitude if they do happen.

## BATH TIME

Tell your child to choose a plastic toy friend to add to bath time. Make some soap suds with bubble bath or use shaving cream and spread it along the edge of the tub. Make a path with your finger for your child to follow with their toy friend. Tell your child that the path will show their friend the way to go. Continue making new paths for your child's toy to follow. As your child plays say, "Who taught Gideon the way to go in the Bible? God did!"

## CUDDLE TIME

Cuddle up with your child and pray, "Dear God, it makes me feel so good knowing You have the power to protect [*child's name*]. I know nothing can happen to her that you can't help us with. You've got it! Thank You for watching over us and loving us. You are such a good, good Father. We love You. In Jesus' name we pray, amen."

## PLAY TIME

Play a game of toss and catch with your child. Toss a beanbag, a rubber ball, or even a small stuffed animal to your child. Every time one of you catches it, say, "God's got it!" in place of "You got it" and "I got it."

This month, your child is learning that God's got it. God is always with me. God hears me and gives me what I need. God teaches me the way to go. God protects me. Aren't those amazing things for those little ears to hear?

How about those of us with our grown-up ears and our grown-up issues and our grown-up stress? Do we need to hear those things too? Just so you know: God's got it for you too. He does. God is with you in the midst of your struggle, and He celebrates with you in your joy. God is there with you through thick and through thin. So, take a minute to talk to Him. Take a minute to share your burden and to invite God into your mess. God's got it.

The community at [TheParentCue.org](http://TheParentCue.org) was created to help parents do family better. With blog discussions, podcasts, advice, and inspiration, Parent Cue prompts us to intentionally connect with our families regularly. Since none of us need more to do in our day, Parent Cue helps us capture the time we're already spending together.

There's an app for that:

**Parent Cue App** – centered around a monthly topic, this app sends weekly CUEs that remind us to connect with our kids whether at home or on the go. You can even watch Bible story videos during drive time using the app.
